

Minding Creative Minds.ie accessibility statement

Minding Creative Minds is committed to making its website accessible. This is in accordance with [European Union \(Accessibility of Websites and Mobile Applications of Public Sector Bodies\) Regulations 2020](#).

This accessibility statement applies to content published on www.mindingcreativeminds.ie

Measures to support accessibility

Minding Creative Minds takes the following measures to ensure accessibility of the Minding Creative Minds website:

- Include accessibility as part of our mission statement.
- Include accessibility throughout our internal policies.
- Provide continual accessibility training for our representatives & staff.

Conformance status

The [Web Content Accessibility Guidelines \(WCAG\)](#) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. Minding Creative Minds is partially conformant with WCAG 2.1 level (@rob@mindingcreativeminds.ie) which areas can we include here for accessibility purposes. Partially conformant means that some parts of the content do not fully conform to the accessibility standard.

Technical specifications

Accessibility of the Minding Creative Minds website relies on the following technologies to work with the particular combination of web browser and any assistive technologies or plugins installed on your computer:

- HTML
- CSS
- JavaScript
- WAI-ARIA.

These technologies are relied upon for conformance with the accessibility standards used.

Limitations and alternatives

Despite our best efforts to ensure accessibility of www.mindingcreativeminds.ie, there may be some limitations. Below is a description of known limitations, and potential solutions. Please contact us if you observe an issue not listed below.

Known limitations for MCM website

1. Tables: Some tables have form elements with no associated labels.
2. Checkboxes: Some checkboxes do not have keyboard operations.
3. Labels: Some UI components do not have labels.
4. Lists: Some unordered lists may contain more than only items.
